SONG LYRICS!

LITTLE BUTTERFLY

Oh, little butterfly
My sweet butterfly
Oh, please don't fly away
Tell me how can I get you to stay
My butterfly

When I met you I couldn't catch you
No matter how fast I would run

You fly up and down, make me run around
I guess chasing you is half the fun

CHORUS

Oh, little butterfly
My sweet butterfly
Oh, please don't fly away
Tell me how will I get you to stay
My little butterfly

In the Spring Time, spread your wing time
Away from me you flew

And with you gone I found a new one
With the same yellow markings as you

Oh, little butterfly
My sweet, sweet butterfly
Oh, why'd you fly away
I guess there, you'll have to stay

Because a butterfly's path is never straight there
They zig and they zag as they fly through the air
They land on a flower and don't seem to care
As if sticking to one is just too much to bear
Maybe sometimes little butterflies are easily scared

Oh, please don't fly away
Tell me how will I get you to stay

My sweet little butterfly
Little butterfly
Oh, my sweet little butterfly
Little butterfly
